Subject: NEW Request for Responses to SEPW Minority Letter to Dr. Dourson: Due COB Monday, Nov 6th

Hello Folks,

There are two updates to the approach to responding to the SEPW Minority letter that may or may not change any responses your office has provided thus far. I would ask that you review and mark-up (in redline) the attached compendium of **all** of Carper QFRs which also includes the rest of the QFRs that were appended to the incoming SEPW Minority letter.

Ex. 5 - Deliberative Process

In the compendium, I have flagged those questions that appear to be either OPP, OPPT, OPPT and OPP, or the IO responses. Please take a look and let me know if any of the designations are incorrect. Please provide your inputs by COB Monday, November 6th. I

have also attached the incoming request for your convenience. Please let me know of any questions. Thank you.

Cheers

Mary

Can you give us a little more guidance so that we can help you in crafting responses?

Jeff, Rick

There are a few questions in the SEPW Minority Letter to Dr. Dourson where we need OPPT/OPP to draft responses. I have identified those questions in the word version of the letter (1st attachment). Also attached is the incoming letter and the final QFRs from the initial round. As a guide for the level of detail and approach to responses I have attached a similar letter and response prepared for Susan Bodine. I will separately provide Mike's draft responses to some questions. **Please prepare responses by no later than 11AM Tuesday, October 31st.** We will be working to finalize and send these forward no later than Tuesday afternoon. Please let me know of any questions.

Cheers
